Putting the Pieces Back Together

SUPPORT GROUP FOR NEWLY DIAGNOSED CANCER PATIENTS BEING FORMED:

Back to the future . . . Over twenty years ago HOPE was first formed as a grassroots organization to provide services, resources, and programs for Saskatchewan cancer patients and their families. At that time, our main focus was support groups. In fact, many of our current volunteers, members and Board Directors first became involved in HOPE via support groups. Over the years interest in support groups has waxed and waned.

However, due to several requests recently received asking for the establishment of a support group for newly diagnosed cancer patients, HOPE plans to return to its roots. Ever responsive to our clients' needs, HOPE is pleased to have recruited Miriam Tetler, Social Worker from the Saskatoon Cancer Centre to facilitate the group. We would like to have the support group up and running early in the New Year. If you, or someone you know, would like to take part in the group for newly diagnosed cancer patients, please contact the HOPE Centre at:

955-4673.

You need not travel alone on your journey with cancer.
